MISSION STATEMENT

The Central Oklahoma Vintage Tr4iumph Register (C.O.V.T.R.) was established in 1982 by Triumph owners and enthusiasts for the purpose of preserving the future of the Triumph Marque. Triumph ownership is encouraged but not a prerequisite for membership. The C.O.V.T.R. sponsors a monthly meeting, monthly SOB's (Saturday Outing Bunch), car shows, road tours, technical inspections and lots of fun.

A Message from the Club President

Greetings COVTR!

I'll begin by saying how proud I am, to once again, serve as your President. I see a year of fun, excitement, and fellowship with good friends and much time spent with the cars we love.

By the time you read this, we may have held our annual events planning meeting, so I won't go into much detail about the year's get togethers. However, the main event occurring in the next couple of months is the 2026 SCVTR regional in Marple Falls, TX. If your calendar supports your attendance, please join us for this outstanding rally. Our host, The Hill Country Triumph Club has made registration and information available and it looks like a great time for all. Fred/Connie will send out the pertinent details for registration.

Once again, I look forward to spending time with you and am proud as punch to be your President.

Warmest Personal Regards,

Doug

Tour of the Caldwell Collection Aviation Museum with Jaguar Club

El Reno Municipal Air Park

Doug White is planning to go to the Aviation Museum in lieu of C&C this time. Please join him to represent our club in conjunction with the Oklahoma British Car Breakfast Club and the Central Oklahoma Jaguar Association.

We will be leaving from the Ollie's Bargain Outlet located at NW Expressway and Council Road at 10:15 AM. Address: 8101 Northwest Expy, OKC, OK 73162

On February 7, 2026 members of Central Oklahoma Jaguar Assn., and the British Automobile Breakfast Club are invited to tour the Caldwell Collection celebrating the Golden Age of Aviation.

The museum houses a collection of 22 pristine airplanes from the 30s and early 40s in a totally restored WW2 hangar. You will be amazed.

For more information go to www.thecaldwellcollection.org.

The tour will be from 11am to 1pm and then for those who wish may go to Montana Mike's Steak House where we can get further acquainted.

Drive Your Triumph Day February 10th

Drive your Triumph Day, honors Sir John Black on his birthday. He is the man who organized Standard's purchase of Triumph after the war, and went on to make the cars we enjoy driving today.

For our part, we will be meeting at the Lake Hefner Lighthouse for a group photo, then have lunch at one of the nearby restaurants.

Please be at the Lighthouse around noon.

The 2026 SCVTR Regional in Marble Falls, TX is rapidly approaching. This is when we make our **“Big Reveal”** announcing the 2027 event that will be hosted by the COVTR in Shawnee.

To complete the “Reveal” video, we need to include several photos of our cars at various Oklahoma landmarks, attractions, and events.

As plans are developed, we will be putting out an **“All-Points-Bulletin”** to get as many member cars as we can muster to participate.

SPECIAL TR6 PICK-UP

Missouri import service expert builds his own, unique new Triumph TR6 model

Here's a Triumph that is surely unique! It's a custom-made TR6 mini-truck, recently completed for and owned by—TSOA member Roger Hurst of Independence, Missouri.

Since Roger purchased his first TR6 in 1969, he's toyed with this idea, judging it to be a natural conversion for the slightly "square-ish" rear deck of the TR6. So a little over two years ago he purchased two damaged 1971 TR6's and handed them over to Ray Reed, a local body expert, to undertake the styling change shown in the photographs. Reed joined together the two undamaged halves, adding 12in. to the roadster's original overall length and stretching the body between the doors and rear wheel wells.

The rear deck was cut away to form a truck bed, with walls added and the whole covered with rich red carpeting.

The spare wheel is neatly tucked away below the pick-up floor under an easily removed cover panel.

Other features include 4-spoke American wheels, integral front air spoiler, racing mirrors, and a specially fabricated exhaust sporting twin chrome megaphones. Particularly neat is the cut-down factory hardtop.

For the final touch, Ray Reed applied a deep, lustrous Black Cherry, candy apple paint job! Roger Hurst's one-and-only TR6 pick-up is a real attention getter and understandably is a source of deep pride to its owner, who runs Hurst Import Service, in Independence, Mo. Congratulations to Roger and Ray! and thanks from Triumph Newsletter also to Dave Gilmore of The Independence Examiner for sending along this interesting report and photos.

This photo shows how Roger Hurst's special TR6 pick-up is lengthened by 12in. mostly between door and wheel, to form an extremely neat and attractive design. (Photo: Dave Gilmore)
